## Profile

Full stack web developer with a strong design background. Since 2019, I have delivered 10+ websites and platforms for companies, from mockup to launch: interface, front-end, back-end and database. Used to working with clients and creative teams, I deliver clear, fast and maintainable interfaces. I am looking to join a development team and keep growing, especially in .NET and C#.

## Web projects

### Finixiias
Investment platform: company website, Growth platform, client dashboard and companion mobile app.
`finixiias.com`

### Maki Company
E-commerce site for a Malagasy fashion and culture brand: collections, shop, lookbook. Companion mobile app.
`maki-company.mg`

### Nisasarana Sarlu
Website for a paint company: product ranges, interactive color chart, online quotes and appointments.
`nisasaranasarlu.com`

### Finance Premium
Website for a trading platform: offers, trading methods and sales contact.
`finance-premium.com`

### More WordPress sites · 2023 – 2024
**Maniacall** (call center) · **Mania Lounge** (restaurant, logo and site) · **TechHive** (WooCommerce store, logo) · **Real estate** (listings, map search) · **Netinvest** (investment, client area).
